AN OPERATION
AVERTED

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. Thos. McGonigal, 3432 Hartville Street, Phila., Pa.

committee has endeavored to distribute equitably this additional burden of taxation and so to levy the proposed taxes as to necessitate as little readjustment or disturbance to business as possible.

The committee estimated the war expenditure for the remainder of this and the whole of the next fiscal year at about \$3,800,000,000, exclusive of the bond issue to finance the foreign loan.

"We have already authorized a bond issue of \$2,000,000,000," it added "to provide a portion of the necessary funds to finance the war. Therefore, the amount necessary to be raised by taxation or a further bond issue at this time is \$1,800,000,000."

The bill is calculated to raise in exact figures \$1,810,420,000.

TAX ON PROFITS DOUBLE.

The exemption is lowered from \$50,000 to \$25,000 and a new tax of 1 per cent. levied on estate between \$2,000 and \$50,000.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

"CIVILIZATION."

Manager Stockley announces as his attraction for Monday and Tuesday, May 14th and 15th, Thos. H. Ince's million dollar spectacle, "Civilization," direct from the Criterion Theatre, New York. The world will ever owe the great producer a debt of gratitude for giving it such a masterpiece as this, his latest offering. Much has been said and written about his wonder work of genius and learning, but half has not been penned that

could be in behalf of of such a noble and dignified work. In fact, the average vocabulary is a poverty stricken waste when compared with the soul stirring eloquence of the picture itself.

"Civilization," is dedicated to the Mothers of Men and by reason of that fact, or, perhaps, in spite of it, makes its strongest appeal to humanity—because, we all had mothers, and we all welcome a tribute to her who suffered that we might be. It is indeed a beautiful thought magnified ten thousand times.

J. T. E. Stites, of Paducah, spent Thursday with his mother.

MR. FARMER!

Don't Go It Blind!

You must know that all feeds are going to be extremely high this year—SAVE YOUR CROPS—put your silage in a TECKTONIUS SILO, the Silo with the Spring Lugs.

DON'T BUY A SILO ON

"Take It for Granted Basis"

No other farm equipment serves as useful a purpose as the silo; yet no other equipment is so much bought on the "Take it for Granted" basis. It naturally results in inferior silo equipment being foisted upon the farmer, for which he pays exorbitant prices. Here is the way you can know—not take it for granted—you are getting the best in silo construction, and are paying for no more than you receive. Get posted on the

TECKTONIUS SILO

The World's Best Silo Construction

You'll then know for yourself what to expect and demand in the silo you buy, to insure the highest class construction—the most perfect service.

Tecktonius is in one Grand Class by Itself in all Tank and Silo Equipment Service. No others are comparable to it.

Without reflecting on your silo knowledge, we affirm, Mr. Farmer, that you cannot know—do not know—what a silo construction should be—can be and really is in the Tecktonius—until you know about and see the "Harder Patent Continuous Door Design"—the Tecktonius Self-Adjusting Silo Hoop and Door Fasteners, Silo "Hinge" Door and "Double Check" Anchor System—the really vital factors in all silos.

The Tecktonius Silo is assembled entirely on our yards and sold only by us in this territory. It is equipped complete with the Tecktonius Matchless Fittings, giving you a silo that cannot be matched in any feature of its construction or service. We also can save you big money on its cost, for we do away with the dozen and one silo profits and extra freight charges you pay the silo manufacturer for inferior silos.

You would not think of buying a "Rake Off" Reaper after seeing the modern binder, would you?

Neither would you think of buying one of these "19th Century" silos after knowing about the "20th Century Tecktonius."

Don't even think of buying a silo until you get posted on the Tecktonius. It will put you "wise" to the shortcomings of the others. Send for

"Broadside" and Book on "Silo Facts"—Both Free—

telling you all about the "Tecktonius" and giving you valuable and instructive information on silos and silage, including a lot of things you should and want to know.

Both are free—Write for them today.
